

# WELCOME NEW ASSOCIATE MEMBER

QUNXIAN INTERNATIONAL TRADE CO., LTD.

March 2018

Rosa  
Sales Director

## What motivated Qunxian international to join ICDA?

ICDA is a global association of chromium-related enterprises. Large related enterprises all over the world participate in ICDA. We believe ICDA will provide opportunities to network and latest chrome industry information which will help our chrome ore business.

## What do you expect from your ICDA membership?

With the support of ICDA, we would like to acquire industry information, data and the industry analysis report. Meanwhile we would like to develop a greater extension of our chrome ore business through the knowledge acquired.

## Brief introduction of Qunxian international.

Qunxian is an international mineral enterprise, and headquartered in Shanghai. Qunxian involves in mine project, investment and commodity trade, mainly in trade of manganese ore, chrome ore, manganese alloy and chromium alloy. Qunxian has extensive cooperation with alloy plants across the country, as well as stable and long-lasting cooperation with famous international mining enterprises. Qunxian is trying to simplify the supply chain and shorten the distance between customers and international suppliers.
