March 2018

Rolf-Dieter Haß  
Managing Director

### What motivated Glorychem GmbH & Co.KG to join ICDA?

*Glorychem hopes to gain an expanded knowledge of the chromium market in general and in chromium derivatives in specific. We believe that only a strong network of professionals can bear the challenges of our times. Chrome and their derivatives have a bright future and we like to support the usages.*

### Brief introduction of Glorychem GmbH & Co.KG

Since its founding in 1999, we specialize in products of industrial and fine chemicals. Through our offices we are able to offer our customers comprehensive service. We consult and are knowledgeable about our products and their use in chemistry and in the processing industry and are also a strong partner in logistics.

For over 18 years we are engaged in trading of industrial chemicals and support all processes from input / sale to punctual delivery with our warehouses in the Netherlands, Belgium and Germany.
