What motivated Joy Hammer Investment to join ICDA?

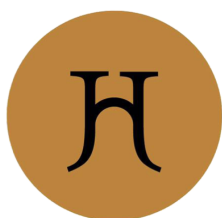

With a promising future ahead of us, Joy Hammer Investment would like to expand its business network with more international partners in the chromium industry. ICDA provides such an arena for its members include the vast majority of the world's producers of chrome ore and many users of chromium.

What do you expect from your ICDA membership?

Market updates, any important news concerning the chromium industry, especially within the Asian-Pacific Region, timely reports, and events organized by ICDA.

Brief introduction of Joy Hammer Investment.

Invest in the mining market in Turkey and South Africa, import Chromium and distribute it to various domestic factories.
