## to HEBEI METAL

“

*Joining the ICDA will provide access to up-to-date information on the chrome industry, and HEBM hope ICDA can create more communication channels with the chromium industry. As a chromium ore major importer, HEBM is very happy to join ICDA and glad to participate in the committee activities. HEBM expect the ICDA as the great platform for exchange, to get exposure to a broader network of influencers in matters related to its business.*
