

# WELCOME

## to PELAGIC RESOURCES

“

*Joining the ICDA will provide Pelagic with up-to-date information and a forum to interact with other market participants such as importers, exporters and supply chain solutions providers, especially in the field of specialty chrome ores. Pelagic is delighted to be joining the Association and looking forward to participating in the future events.*

Pelagic Resources Pte Ltd is a Singapore based trading company specializing in the marketing and trading of chrome ore (metallurgical, chemical, and foundry grade), PGMS, vanadium, manganese and other ores from Southern Africa. Pelagic has its roots in Johannesburg where it was set up in 2016, and has rapidly grown to a multinational company with offices in China, Singapore, South Africa and Zimbabwe, and trading volumes exceeding 400,000mt per year. Pelagic is a principal trader who sources product directly from captive mines it invests in or long-term offtakes with reputable suppliers. Pelagic excels in supply chain management and can deliver product to anywhere in the world.
